Buitenspel kraak de code

De bakker

Doel van het spel

- Inzicht krijgen in ruimtelijke problemen.
- Groot motorisch bewegen en fijne-motoriek inoefenen.
- Gericht leren kijken en handelen.

Vorbereidingen voor het spel

- Print en knip de code-kaarten. Lamineer deze zodat ze tegen de regen kunnen.
- Print de opdrachtkaarten en voorzie potloden.

OPGELET: Er zijn twee variaties in opdrachtkaarten en groottes van de opdrachtkaarten A.

Spelregels

- Verstop de code-kaarten over het terrein (bijvoorbeeld klastuin, speelplaats,...)
- De kleuter krijgt een opdrachtkaart en moet de kaarten gaan zoeken om zo de oplossing te vinden.

OPGELET: Er zijn twee variaties, hieronder leggen we uit hoe deze werken.

Gradaties en differentiatie

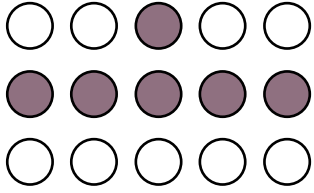

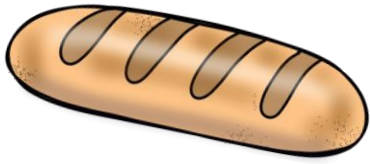

OPDRACHTKAART A: CODE OVERTEKENEN (grote kaart 8 items of kleine kaarten 3 items)

- De bakker maakte codekaarten voor zijn producten, de kleuters moeten de juiste code gaan zoeken voor het brood, de croissant,....
- Ze lopen en zoeken tot ze de producten vinden. Wanneer ze een item vinden, kijken ze op de code-kaart en kleuren de kleuters op hun opdrachtkaart identiek dezelfde code.

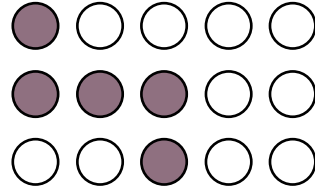

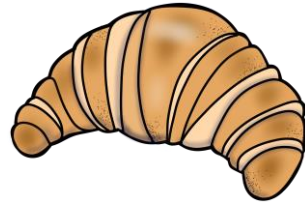

OPDRACHTKAART B: DE BOODSCHAPPENLIJST (moeilijker)

- De kleuters krijgen een kaart met enkele codes op, maar voor welke items staan ze?
- De kleuters lopen op het terrein en zoeken de code-kaarten. Vinden ze een van de codes? Dan kijken ze welk item dit is (bv. De croissant) en vinken ze de croissant aan.
- Het is de bedoeling dat ze op het einde weten wat ze moeten gaan kopen in de bakkerij.
